A listed entity should separately disclose its policies and practices regarding the remuneration of non-executive directors and the remuneration of executive directors and other senior executives.

Compliance with ASX Recommendation: followed

The Company's policies and practices regarding the remuneration of Executive and Non-Executive Directors and other senior executives is set out in the Remuneration Report contained in the Company's Annual Report for each financial year.

8.3 Recommendation 8.3

A listed entity which has an equity-based remuneration scheme should:

- (a) have a policy on whether participants are permitted to enter into transactions (whether through the use of derivatives or otherwise) which limit the economic risk of participating in the scheme; and
- (b) disclose that policy or a summary of it.

Compliance with ASX Recommendation: not followed

The Company's equity-based remuneration scheme is limited to the Company's key management personnel and is linked to successfully achieving key milestones in the Company's projects or as otherwise specified by the Board. Due to the small scale of the Company's equity-based remuneration scheme and the sophisticated nature of the participants, the Company has not implemented a policy with respect to those participants entering into transactions to limit the economic risk of participating in the scheme. Should the Company later implement an equity-based remuneration scheme with broader application, it will reassess the need for such a policy.
